1.6 TSI Highline model shown with optional R-Line package.
The Tiguan.

It changes everything.

It’s not often that an SUV comes along that changes the way people think about driving. The latest Tiguan is that vehicle, a stunning addition to Volkswagen’s fleet that sets new benchmarks in terms of style, refinement and pure driver appeal.

With a sleek design that conveys its sporty intent and proportions that allow generous levels of space and comfort inside the cabin, the Tiguan could just be the best-looking SUV on the road.

The Tiguan’s performance is every match for its visual appeal. Powered by TSI petrol engine technology, and with 4MOTION all-wheel drive available across the range, the Tiguan is as capable off-road as it is around town and on the highway. And together with BlueMotion Technology as standard, you can count on the Tiguan for excellent fuel efficiency.

Outstanding levels of safety, technology and connectivity are a Tiguan hallmark and help set it apart from other vehicles in its class. Not only has the Tiguan received an array of technological innovation to improve driving dynamics, the addition of active safety features as standard makes the Tiguan one of the most confidence-inspiring SUVs ever to be released.

Inside, the Tiguan combines stylish sophistication and space with driver aids designed to make driving as pleasurable as possible. Premium appointments throughout hint at levels of luxury rarely seen in this grade of vehicle, while impressive infotainment options help put the world at your fingertips.
Exterior

The latest Tiguan extends the appeal of Volkswagen's latest brand architecture with a vehicle that is at once stylish and commanding.

The model exudes strength and solidity thanks to its balanced proportions and long wheelbase. Its low profile also gives it a crouched, sporty look that is only enhanced by its sleek lines and well-proportioned curves. This is a vehicle that is rugged and elegant in equal measure.

The Tiguan presents a confident face to oncoming traffic, with angled headlights and LED daytime driving lights with integrated chrome strips (in the Comfortline and Highline) sitting below a high bonnet complete with V-shaped character lines. Side and central air inlets with honeycomb pattern are distinctive elements that add to the appeal of the Tiguan's façade.

In profile, the Tiguan's angular look is aided by a striking shoulder line with integrated door handles. In Comfortline and Highline trim, the addition of a chrome finish to the window frames, lower body strip and roof rails gives the Tiguan a premium look.

From behind, the eye is immediately drawn to the Tiguan's large rear window and the continuation of the side shoulder line through the tailgate. LED tail lights are a feature across the entire range, as is the protruding diffuser with integrated parking sensors. Trapezoidal exhausts left and right on the 162TSI Highline give it a purposeful appearance.

Select the R-Line package on the Highline variant and the Tiguan receives a thorough sports styling transformation complete with R-Line bumpers, side sills, rear roof spoiler and exclusive R-Line badging.

A variety of appealing alloy wheels help set the Tiguan apart from its competitors. Among those available are 18-inch Kingston (Comfortline) wheels, through to the 19-inch Auckland wheels (Highline) and an imposing 20-inch Suzuka wheels as part of the optional R-Line package.

01 Kingston 18" alloy wheel (132TSI Comfortline)
02 Auckland 19" alloy wheel (162TSI Highline)
03 Suzuka 20" alloy wheel (Optional R-Line Package)
162TSI Highline with optional R-Line package
**Interior**

The Tiguan wouldn’t be a Volkswagen if it didn’t convey a sense of refined comfort with every touch.

The dashboard itself is the epitome of clean and functional design, with everything the driver needs readily at hand. The cockpit has been designed to make the driver feel in charge and completely at one with the vehicle. A high-positioned gearshift and leather multi-function steering wheel with gearshift paddles (in the Highline) are just two examples of Volkswagen’s focus on driver enjoyment.

Just because the cabin is practical doesn’t mean it loses in terms of visual appeal. Decorative inserts in the dashboard and extending through to the rear are reminders that the Tiguan has been designed to look good as well as function perfectly.

Infotainment is front and centre with the latest-generation high resolution 8 inch Discover Media (Comfortline only) and Discover Pro 9.2 inch (Highline only) infotainment system complete with smartphone glass appearance and clever App-Connect™ technology. Your phone connects via a USB interface, putting selected apps on your Apple® or Android™ smartphone device immediately at your fingertips. There are two USB ports available at the front for App-Connect™ and one in the rear for charging. Passengers can now also use the Tiguan’s Media Control technology to select music and more via their smartphone or tablet.

A key feature of the Tiguan’s interior is undoubtedly its generous luggage capacity. At 615 litres with the seats up (and in the forward position), and expandable to 1655L with the seats folded, there is no need to worry about loading that extra suitcase or box of groceries. A low loading sill makes for easy use of the boot space, as does a luggage compartment floor that can be adjusted to two different heights.

If exceptional space weren’t enough, the Tiguan has been designed to be as practical as possible. Front seat backrest-mounted tables are a versatile feature in as is the dashboard compartment for easy storage of sunglasses and other small items.

---

*App-Connect is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service, and connection cable (sold separately).*
Performance

Volkswagen’s 2.0 litre 132kW TSI engine (available in the Comfortline) is for those drivers who want added performance, while the Highline’s top spec 2.0-litre 162kW TSI offers a premium driving experience with even more outstanding power and torque delivery.

Standard across the range is Volkswagen’s 7-speed DSG transmission and 4MOTION technology. For added confidence in challenging driving conditions, you can’t go past Volkswagen’s 4MOTION all-wheel drive system with Active Control.

Active Control allows the driver to tailor his or her driving experience by choosing one of four special all-wheel drive modes (snow, on-road, and two off-road settings: one automatic and one variable) via a rotary switch. A central mode button activates the Driving Profile Selection, which offers further personalisation of the on-road mode with Normal, Sport and Eco profiles available to the driver.

The Tiguan Highline receives innovative Adaptive Chassis Control, which constantly adjusts the suspension to the road conditions and driving situation via electrically controlled dampers. The driver can select from one of three different ride settings – Normal, Sport and Comfort – to alter the Tiguan’s damping and steering characteristics.

No matter the Tiguan you choose, a range of BlueMotion technologies such as Start/Stop system and Brake Energy Recuperation are there to take the Tiguan further with every tank of fuel.
162TSI Highline model shown with optional R-Line package
Technology and Safety

Few vehicles can claim to offer an extensive range of intelligent technology as the Tiguan and modern conveniences help make the Tiguan an efficient and pleasurable drive. But they also offer peace of mind by making it exceedingly safe.

Among the advanced driver assistance systems included as standard are Front Assist with City Emergency Brake* (City EB) and Pedestrian Monitoring* functions, which use a radar sensor to help avoid or mitigate an impact with a vehicle or pedestrian in front of the vehicle. Another safety feature is Lane Assist* with Adaptive Lane Guidance, which helps keep your Tiguan on track by detecting if the vehicle is straying from its intended course and gently counter-steering it back into the lane.

Parking in a cinch with Park Assist*, which uses a Rear View Camera* and sensors front and rear to identify spaces and guide drivers into and out of them automatically.

Additional standard inclusions are Driver Fatigue Detection* which monitors driver behaviour to identify signs of fatigue and provides the driver a visual and audible signal when it's time to take a break, and clever Multi-collision Brake technology, which automatically initiates braking after a collision to prevent or minimise the severity of subsequent collisions.

Volkswagen's Driver Assistance package (optional on Comfortline and standard on Highline) provides the driver extra peace of mind with a suite of advanced features to assist day-to-day driving. Adaptive Cruise Control (ACC)*, Traffic Jam Assist* and Side Assist* with Rear Traffic Alert* are all exceedingly helpful in busy traffic situations, while Emergency Assist* acts to bring your Tiguan to an emergency stop in the unlikely event that the driver is incapacitated.

Optional as part of the Sound and Vision package is 360-degree Area View*, which uses strategically placed camera to provide a bird's eye view of the area around your vehicle. In addition, the high-resolution Active Info Display behind the steering wheel puts everything you need right in front of you, including driver assistance and vehicle functions.

*Side Assist is available on the Highline variant only.
Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.
132TSI Comfortline model shown with optional Sound and Vision package

Technology and Safety | 12
Highlights

An impressive amount of technology has been added to the Tiguan that, in combination with a number of comfort aids, help maximise levels of driver enjoyment.

Standard across the range, the automatically operated tailgate allows for fuss-free opening and closing of the rear door. With the Easy Open function, the tailgate can be opened simply by kicking a foot in front of a sensor, making it enormously convenient when carrying a load of shopping. Closing the tailgate is as easy as pressing a button or allowing the Easy Close function to shut the tailgate automatically when the user moves away from the vehicle.

Elsewhere around the Comfortline and Highline variants, full LED headlights with Dynamic Cornering lights offer exceptional illumination of the road ahead and when turning.

Great care has been taken to improve driver and passenger comfort, which is why the Tiguan features a generation of seats with updated foam contours and on Highline models electrically adjustable front seats with memory. Choose the Highline variant and feel the difference offered by Black Vienna leather appointed upholstery.

Driver and passengers can choose the temperature that suits them courtesy of Air Care 3 Zone Climate Control Air-conditioning (Comfortline and Highline). Up to three different temperatures and air volumes can be selected (for driver, front passenger and rear cabin) with the added benefit of an air quality sensor and anti allergen filter to maintain optimum air quality.

For the ultimate fit-out of your Tiguan Highline, the optional R-Line package offers a suite of features such as R-Line body styling, R-Line interior, 20-inch Suzuka alloys wheels and progressive steering.

*Leather appointed seats have a combination of genuine and artificial leather, but are not wholly leather.
1.6 TSI Highline model shown with optional R-Line package.

Highlights
Colours & Upholstery

Tiguan seats offer levels of comfort and lateral support, and come in one of three upholstery grades. The Comfortline comes with Black Comfort Cloth as standard. The Highline features Storm Grey Vienna leather appointed upholstery** (only available in Highline models) or Black Vienna leather appointed upholstery* (also optional with the Comfortline in the Luxury Package) for the highest level of driver comfort and luxury.

In terms of exterior paint, the Tiguan comes in a variety of appealing colours, with Metallic and Pearl Effect available at an optional extra cost. Choose Pure White as a solid paint finish, or make a statement with one of a range of metallic finishes, including Atlantic Blue Metallic*, Ruby Red*, Tungsten Silver and Indium Grey. Deep Black comes in Pearl Effect paint finish for an added twist of exclusivity.

Please note that Metallic and Pearl Effect paint are optional at extra cost. The print process does not allow for exact reproduction of the exterior or the upholstery colours. Please contact your Volkswagen Dealer for further information on colours and upholstery combinations.

Overseas models are shown for illustrative purposes only. Optional accessories at extra cost. Please note that the above accessories may have an effect on fuel efficiency. Items such as sports equipment and tablets are shown for illustration purposes only and are not available for purchase from Volkswagen Group Australia or its Dealers. For a full range of Volkswagen Genuine Accessories, please refer to www.volkswagen.com.au or visit an authorised Volkswagen Dealer.
At Volkswagen, we pride ourselves on the highest quality standards that come with German engineering. We back this commitment with a 5 year unlimited kilometre warranty on all new Volkswagen vehicles*. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under the Australian Consumer Law and do not limit or replace them.

Every new Volkswagen comes with a 1 year complimentary Roadside Assist membership*. That’s 24 hour roadside assistance, emergency accommodation, car rental and towing as well as property and other assistance, all included for added peace of mind.

Assured Service Pricing# gives you the transparency of knowing how much your service will cost up front. Our Volkswagen Dealers have access to the latest diagnostic equipment and tools. Plus, they use Volkswagen Genuine Parts® to ensure your Volkswagen stays a Volkswagen. You’re in safe hands at your Volkswagen Dealer when it comes to servicing.

A Volkswagen Service Plan has you covered for the first 3 or 5 scheduled services, saving you between 5% and 10% off the total Assured Service Pricing RRP. And, for convenience, these pre-purchased scheduled services can be used at any Volkswagen Dealer.

Ask about building a Volkswagen Service Plan into your finance contract when you purchase a new Volkswagen.

---

*1 year complimentary Roadside Assist available on all vehicles sold on or after 1 January 2019 (Roadside Assist membership on demonstrator vehicles only applies for the balance of the 1-year term, if any). Volkswagen Roadside Assist is provided by AWP Australia Pty Ltd ABN 52 097 227 177 trading as Allianz Global Assistance, under an arrangement with Volkswagen Group Australia Pty Limited ABN 14 093 117 876. Conditions and exclusions apply, see https://www.volkswagen.com.au/en/owners/roadside-assist.html.

#Assured Service Pricing applies to the first 5 standard scheduled services of your vehicle which are scheduled to occur at every 15,000 km/12 month interval (whichever occurs first) or for Volkswagen Crafter models only, 20,000 km/12 month interval (whichever occurs first). On or before 31 December each year, Volkswagen will publish the maximum price for a specified Scheduled Service that will be applicable from, and remain fixed for, the following calendar year only. For details on the Eligible Model List, pricing, items not included and for full terms and conditions, please see https://au.volkswagen.com.au/service-pricing-guide.

†Volkswagen Service Plan pricing is available at participating Volkswagen Dealers for all models and covers standard items as contained in each scheduled service interval only. These plans can only be purchased prior to the first scheduled service and up to 22,500 km/15 months (whichever occurs first) for all models except Volkswagen Crafter models, which is 30,000 km/15 months (whichever occurs first). The timeframe takes effect from when the vehicle is first reported in our system as ‘sold’. Other conditions and exclusions apply. For full terms and conditions, please visit https://www.volkswagen.com.au/en/owners/service-plans.html.
Naturally we understand that your Volkswagen represents a valuable investment, so we understand that you want to maintain it in premium condition. Volkswagen Choice is a finance program tailored to the requirements of Volkswagen owners by providing assurance around your Volkswagen’s future value, whilst offering simple monthly instalment financing options.

Whether you are selecting your new Volkswagen for business or personal use, you can choose the contract term that best suits your requirements. Enjoy the confidence that comes from having locked in a minimum value up front to be attributed to your vehicle at the end of your contract. There are also no account keeping fees with a fixed interest rate.

**The Volkswagen Choice Program consists of an option to return the vehicle to Volkswagen Financial Services (VFS) at the end of the term and require VFS to purchase the vehicle at an agreed price known as the Guaranteed Future Value or GFV as determined by VFS and set out in your contract. At the end of the term, you can elect to: (1) trade-in the vehicle; (2) exercise the option to return the vehicle; or (3) retain the vehicle by paying the GFV. The GFV is not a representation by VFS as to the likely market value of the vehicle as at the end of your contract. The option is available on new and demonstrator Volkswagen vehicles for selected models only. Please verify with your dealership the vehicles that are eligible for the program. The GFV will be reduced, and you will be liable for any loan contract deficit, if you exceed the nominated kilometre allowance and/or the vehicle is not in an acceptable condition in accordance with the Fair Wear and Tear Guide available at www.volkswagen.com.au. Other terms and conditions apply. The cost of the Volkswagen Choice Program is incorporated into the applicable interest rate. Please read the full terms and conditions. Please consider whether these products and services are appropriate for your circumstances. Before acting on any of the information on this page, please seek independent financial and tax advice. Full terms and conditions are available upon application. Available only to approved applicants of VFS. Subject to credit assessment. Standard fees and charges apply. Fleet, government, rental buyers, hire car and chauffeur companies are excluded. Available at participating Volkswagen dealers. **VFS is a trading name of Volkswagen Financial Services Australia Pty Limited ABN 20 097 071 460. Australian Credit Licence 389344.**
